

CUBO EN

INDUSTRIAL VACUUMS WITH SIDE CHANNEL BLOWERS

**Heavy-Duty
Performance**

**Compact
Size**

**Versatile Dust
Discharge Options**

Experience the power of CUBO, the industrial vacuum cleaner designed for heavy-duty industries. With its compact size and exceptional dust capacity, it eliminates the need for additional pre-separators.

- 0.5m³ Hopper Capacity with Integrated Electro-Shaker for easy material emptying and gravity clap for filter cleaning.
- Extendable Legs for compact shape, easy handling, and the option to use a Big Bag.
- Polyester Filtering Panels and Safety Cartridge for efficient filtration and pump protection (HEPA filter available on demand).
- Automatic Filter Cleaning with "REVERSE FLOW" action for hassle-free maintenance.
- ATEX Zone 22 Certification for safe operation in potentially explosive environments.

Specification :

Power	kW – Hp	12.5 - 17	15 - 20	16.5 - 22	20 - 27
Max. Airflow	m ³ /h	1.030	1.120	1.150	1.150
Max. Vacuum	mm/H ₂ O	2.900	3.500	4.100	4.400
Filter Surface	m ²	10	10	10	10
Safety filter surface	m ²	4	4	4	4
Dust Capacity	m ³	0,5	0,5	0,5	0,5
Filter Cleaning		* Reverse Flow System*			
Sizes.	Cm.	150 x 150 x H 225			
Weight	Kg.	1250	1300	1300	1300
