DIESEL ENGINE VAC-LOADERS

Mobile & Versatile

High Handling Capacity

Efficient Dust Storage & Control

Experience the power of **DIESEL ENGINE VAC-LOADERS**, the mobile suction units designed for handling heavy products over long hose lengths. With their large dust storage capacity and advanced features, they deliver exceptional performance.

- Vacuum Station with Lobe Pump, Safety Filters, and Diesel Engine for powerful and efficient operation.
- Dust Storage Container with Automatic Filter Cleaning, Cyclonic Separator, and Dust Level Control.
- Unloadable Container with Hydraulic Tilting for easy material disposal.
- ATEX II 3D Certification for safe operation with potentially explosive materials.
