

SV22 EC

**PORTABLE
INDUSTRIAL
VACUUM
W/CONTAINER**

**Portable &
Heavy Duty**

**Easy Unloading
with Tilting Door**

**Safety Systems &
Container Security**

Experience the versatility of the Portable Industrial Vacuum Cleaner with an integrated container, designed for heavy-duty use. With its efficient filtering system and safety features, it ensures optimal performance in demanding environments.

- 500L Capacity Container with Bottom Unloading and Tilting Door
- Polyester Felt Filter Pockets and Safety Cartridge for Effective Filtration
- Automatic Timed System for Filter Cleaning by Mechanical Shaking
- Level Probe for Full Container Detection and Machine Stoppage
- Optional T-GS Kit for Direct Bagging into BIG-BAG
- Configurable Power Supply Options for Versatile Operation
- ATEX 2014/34/EU Certification for Compliance and Safety.

Specification :

Motor Power kW – Hp	18-25	22 - 30
Sizes mm	1350 x 1000 x H 1900	
Weight kg	900	950
Max Vacuum mm/H ₂ O	5000	
Max. Airflow m ³ /h	1.100	1200
Primary Filter surface m ²	10	
Safety filter filtering surface m ²	4	
Dust Capacity m ³	0,5 (1 m ³ with T-GS version only)
